The GE 6-in-1 USB 2.0 Cable Kit is the perfect solution for all of your USB cable needs. Whether you travel and want to have one cable for all your USB needs or simply aren't sure which cable you need, this kit is right for you. The convenient carrying case keeps your adapters organized whether you're on the go or saving them for later use. The USB 2.0 cable is 100% compatible with all USB devices (USB 1.1 and USB 2.0) and support blazing fast data transfer speeds up to 480 Mbps. The quality, convenience, and portability make this the ultimate USB 2.0 cable solution for any user!
